This free hunter education Internet Conclusion Course will be offered on Saturday, April 20 and April 21, 2024.

Check-in will take place on **Saturday, April 20** from 8:30–9:00 a.m. in the classrooms of the McKee 4-H Building at The Ranch (5280 Arena Circle, Loveland, Colorado 80538). The class on April 20 will cover topics including firearm safety/anatomy, laws and regulations, hunter ethics, shoot/don't shoot scenarios. Classroom time will close with a written test. We will start the class PROMPTLY at 9:00 a.m. Please note: **Students who arrive after 9:00 a.m. will NOT be admitted for the class.** Our hunter education instructors have a short amount of time to cover the class material. You must arrive on time.

The second day of class on **Sunday, April 21** will be the live fire at Liberty Firearms. The live fire portion will start at 7:00 a.m. If you passed the written test on April 20, you are free to leave immediately after your live fire session on April 21. You will receive your hunter education card after the live fire, as long as you have passed the written test and live fire portions of the class.

The written test consists of 50 multiple-choice questions written at a third to fourth-grade reading level. Students must pass the written test with a minimum score of 75%. Students cannot use their student manuals or notes for the test. Retesting on the same day will be at the discretion of the instructor. If the student has a reading or learning disability, the main instructor can provide an oral version of the test. In doing so, the instructor will read the question(s) and options of answers to the student. The student will provide his/her answer and the instructor will mark it accordingly.

Personal firearms and ammunition will **NOT** be allowed at the range or in the classroom...**NO EXCEPTIONS!** If you have your own eye and ear protection, you are welcome to bring them for the live fire. If you do not have eye and ear protection, we will have some to borrow. We will provide the firearms, ammunition, and targets. During the live fire, you will be required to safely shoot a minimum of 10 rounds from a .22 caliber, single-shot, open-sight, bolt-action rifle.

If you are late or miss a section of the class, you will be required to make up that section at a later date before you can receive your hunter education certificate.
